

## **Blue Planet**

### **Verse 1**

Let's have compassion like Forrest Gump  
Let's not idle as our world is stumped  
by mindless leaders blotting out creation  
Blindly plotting against Mother Nature

### **Chorus**

*We're all riding on a blue planet  
a beautiful, beautiful planet  
Let's not gut it like gannets would,  
Everybody do what's right and what's good  
We're all riding on a beautiful planet  
a beautiful, beautiful planet*

### **Verse 2**

Let's have compassion for the deep blue seas  
Let's minimize their plasticity  
and fight the warming of the atmosphere  
We won't need to geo-engineer

### **Chorus**

*We're all riding on a blue planet  
a beautiful, beautiful planet  
Let's not gut it like gannets would  
Everybody do what's right and what's good  
We're all riding on a beautiful planet  
a beautiful, beautiful planet*

### **Bridge**

*We are singing of our one true home  
We'll keep it safe for all children to roam  
Hey Mums and Dads and boys and girls  
It's up to us to save our world*

### **Chorus**

*We're all riding on a blue planet  
a beautiful, beautiful planet  
Let's not gut it like gannets would,  
Everybody do what's right and what's good  
We're all riding on a beautiful planet  
a beautiful, beautiful planet*
